

Julian Rosero

Game Programmer

+1 (236) 990-2068 | Vancouver, BC | julian.rosero@outlook.es | [LinkedIn](#) | [GitHub](#)

OBJECTIVE

UI-focused Game Programmer with 3+ years of professional experience shipping titles in Unity, Unreal Engine, and UEFN. Specialized in implementing reactive UI systems, gameplay mechanics, and technical art pipelines. Proven ability to deliver production-ready features in Agile environments, from solo projects to multi-disciplinary teams.

EXPERIENCE

2025	Teravision Games <i>UEFN UI Programmer</i> Contributed to the development and launch of Raptor Heist, a Fortnite island that reached 5600 concurrent players at peak. Implemented multiple UI systems in Verse including an in-game shop with real-time state updates, persistent upgrade tracking, and edge-case validation (currency checks, button locking). Developed mission panels and HUDs within a Scrum-based pipeline. Supported LiveOps post-launch.
2024-2025	Yuyana Studios, Hadron Games <i>Mid Unity Game Programmer</i> Solely developed Nutriaventuras, a complete mobile game commissioned for a government educational program deployed to students across Peru, encompassing gameplay systems, persistent data, UI, audio and achievements. Contributed to Hadron Games delivering 20+ minigames combining UI and gameplay systems under tight production timelines.
2023-2024	Universidad Pontificia Bolivariana - Hynmers <i>Junior Unreal Game Programmer</i> Contributed to a VR physical therapy system integrating Arduino-based hardware with Unreal Engine 5, enabling real-time leg movement tracking via potentiometers to drive in-game interactions for patients undergoing rehabilitation. Implemented gameplay systems and low-level hardware communication pipelines within a Scrum-based research environment.
2023	Metaskins Studios <i>Junior Unity Game Programmer</i> Contributed to multiple private client projects in Unity as a generalist programmer, implementing gameplay systems based on design documentation. Gained initial hands-on exposure to UEFN and Roblox development pipelines alongside production workflows in Agile environments.

EDUCATION

2025-2026	Vancouver Film School Programming for Games, Web and Mobile
2019-2023	Universidad Pontificia Bolivariana Digital Entertainment Design Engineering
